**Cameron McDonald**  
Kiama Mayor

I'm pretty sure I have the best job in the world as Mayor of Kiama, the "2024 NSW Top Tourism Town".

This award recognised the outstanding appeal of our natural wonders, high quality visitor experience and sustainable tourism practices. It's a fitting recognition for the many local businesses and community members who make Kiama a welcoming and exceptional place for visitors.

Of course, there's more to this patch of paradise than just the town of Kiama, and this Visitor Guide is the best way to unlock all our iconic attractions and best kept secrets — which we are proud to share. **Please explore and enjoy.**

# *Yulunga* – welcome

**What does the perfect escape look like? For some, it's a golden sunrise of tumbling waves and the peaceful joy of a morning surf or swim. Or perhaps it's wide open spaces, picture postcard vistas and a friendly hello from locals on coastal paths; long shadows and short blacks, bustling cafes and boutique shopping.**

For others, it's all about exploring nature's wonders – meandering rivers and rolling green hills. Blowholes, rock pools and cascading waterfalls. Flying through rainforests and splashing with adrenaline. Quiet country lanes and relaxing villages. Deep breaths of fresh air alongside gasps of wonder.

But ultimately, it's about memories. Making new ones while blissfully kissing goodbye to your everyday cares.

This is Dharawal country — rich in history and bursting with unique natural beauty. From the rivermouth townships of **Minnamurra** and **Gerroa** to the relaxing beachside vibes of **Gerringong** and **Kiama's** award-winning coastal character and charm, our golden shoreline fringes are spectacular and varied.

Then, just minutes inland, the landscape makes way for dairy pastures that hug the idyllic village of **Jamberoo** before climbing into rainforest-clad foothills, where waterfalls cascade from the escarpment.

At just 258 square kilometres, we're one of the smallest regional areas in Australia – which is what makes our patchwork of stunning attractions, modern venues and world-class events so special. From the mountains to the sea, it's a pocket-sized paradise and the ideal backdrop for you to explore and unwind. New memories are created with every visit.

Once more, *Yulunga* — welcome to the Kiama region.  
**Enjoy your perfect escape!**

The artwork of local Aboriginal Elder, Aunty Jodie Stewart, titled "On Country – Where the Mountains Meet the Sea," has been proudly incorporated throughout this guide in a digitised format.

Destination Kiama and Kiama Municipal Council extend thanks to Aunty Jodie for sharing her artwork for use in this guide.

Can you hear that? The unmistakable “WOOSH” of this geological marvel has been 260 million years in the making — long before the age of the dinosaurs! Shaped by volcanic forces and sculpted by the ocean’s persistence, these two frothy, thunderous wonders are nature’s own showstoppers.

## Fun facts

Much like the blowholes of the whales that migrate along our coast, the **Kiama Blowhole** is essentially one large vent, which, under pressure, will force a jet of water high into the air (up to 30 metres or eight storeys high in the right conditions!) each time it takes a 'breath'.

This unique landmark sits on a natural headland, visited by Aboriginal tribes for centuries and given the name 'Khanterinte'. The first European to make a splash in this area was George Bass in 1797 — and some 228 years later this site is now a hive of activity — home to a bustling harbour, cafes, ocean baths, walking tracks, historic **Pilot's Cottage**, lighthouse and more.

Stock up on maps, brochures, bookings and information at Kiama Visitor Information Centre, just a 100m walk from the lighthouse and Kiama Blowhole.

But wait, there's more! Besides the main **Kiama Blowhole** (pictured above), there is also a second **Little Blowhole** (pictured left) approximately 2km to the south — a short drive to Tingira Crescent or stroll along the Kiama Coast Walk.

### Did you know?

The name 'Kiama' can be translated as "where the sea makes a noise".

The Little Blowhole is often active when its big sibling is not. Catch them on a good day, and they'll really *blow your mind!*

### Are they coin operated?

Only on 1 April! ...These natural features rely on the right sea swell (not tides) to put on a good show. Let's hope they're feeling 'swell' during your visit.

### What hours are the Blowholes open?

From 8am until — just kidding, they're open all the time and are free to visit.

Both of Kiama's blowholes have accessible viewing platforms suitable for visitors with limited mobility.

# Once upon a *time*

To fully understand the story of Kiama, it's worth first exploring the echoes of the past. Ours is a rich and layered history, dotted with milestones that make us what we are today.

## An abundant land

For thousands of years, Kiama was both a destination and crossroads for the nomadic **Wodi Wodi people of the Dharawal Nation**. They travelled regularly with the seasons, making use of this region's seasonal flora and fauna, freshwater fish and seafood. Evidence of the latter can still be seen in traditional **middens** at Minnamurra River mouth.

Many elements of nature are represented in totems within the Aboriginal culture. The **Dreaming Poles** sculptures on the Kiama Coast Walk depict this important harmony with the land and sea. The **cabbage tree palms** seen throughout the region are one such totem that are also an important resource to the Wodi Wodi people. The versatile leaves of the palm were used to make shelter and mats, while strips of palm fibre made fishing line. The heart of the tree was reserved for special ceremonies.

## New industries, new growth

It would not be until the turn of the 19th century that Europeans first set foot in these parts, and within decades the **ancient cedar forests** were cut and shipped out to help build a growing nation. **Quartz mining** would follow later in the 1800s, with Kiama a rich source of basalt in the building boom. Much of the region's iconic building projects took place during this time. These include **Kiama's harbour** (1876), **Post Office** (1878) and **Lighthouse** (1887) among others.

The 20th century brought the **railway** and **tourism** to Kiama. The advent of refrigeration also helped pioneer a thriving **dairy industry** across the lush green fields. Today, you can explore Kiama's history for yourself at the **Pilot's Cottage Museum** on Blowhole Point or at **Gerringong Library and Museum**.

## *Gurrungutch*, the Great Giant Eel

Many of our landmarks play an important role in the local Aboriginal history, culture and heritage of the Dharawal Nation. Important stories of the Wodi Wodi people have been passed down, including that of Gurrungutch, the Great Giant Eel — which tells of the creation of Cathedral Rocks and the Kiama blowholes.

*top tip*

Scan the QR code to learn more about Gurrungutch, the Great Giant Eel

### Did you know?

There are almost **400 dry stone walls** reminiscent of Britain and Ireland in the hills and fields around Kiama — most built by Thomas Newing and his son between the 1860s and 1920s.

# On the right *Track*

If you meet a local who says “take a hike!” during your stay, don’t be offended. They’re actually encouraging you to enjoy our world-class walking tracks. From crashing waves to tumbling waterfalls, rainforests to rock formations, there’s a path for everyone.

## Kiama Coast Walk

6km–20km (1.5–6.5hrs) one way

This is the undisputed jewel in the crown — a coastal spine that stretches 20km from Minnamurra to Gerringong. Along the way, you'll discover many "wow" moments including dramatic clifftops, secret coves, unspoilt beaches and delightful detours. It's one of Australia's finest walks — complete the whole thing or one of the three smaller sections. For an indepth breakdown of Kiama Coast Walk, head to page 69.

## Bombo Headland

2–3km (1hr)

This unique moonscape is the legacy of blue metal quarrying from more than a century ago, with surreal basalt columns and walls to explore.

## Carrington Falls

600m (30mins)

In terms of bang-for-your-buck, this short walk guarantees maximum WOW for your steps! Enjoy the impressive falls lookout, waterholes and picnic spots.

## Seven Mile Beach

6–8km (2–3hrs)

Follow the waterline or sand track parallel to the coast just south of Gerroa, with dunes and forests of Blackbutt and Bangalay. (Also suitable for mountain bikes.)

## Minnamurra Rainforest

2–4km (1–2hrs) return

\$12 per car

Explore rare rainforest remnants and fauna in this lush escarpment setting, choosing the Falls Walk or shorter accessible Lyrebird Loop.

## Barren Grounds

2–8km (30mins–3hrs)

This plateau of walks is 'barren' in name only — with spectacular country and coastline views plus an abundance of birdlife and wildflowers when in season.

## Hoddles Track (Saddleback Mountain)

8km (3hrs) return

This challenging escarpment adventure is a must-do for bird watchers and nature lovers, as it follows the original goods route via Mt Noorinan. Head west past the furthest Saddleback Mtn vantage point, down the steep track.

Section 2 of the Kiama Coast Walk is largely on sealed paths, while the Lyrebird Loop Walk at Minnamurra Rainforest is also accessible-friendly.

## Walking Tips

# The *wild* side

Crikey! Kiama is like a coastal safari, boasting an abundance of wildlife across its diverse and colourful landscape. This happy habitat is the perfect playground for 'nature frothers' and casual observers alike.

## TOP 10 *natural* encounters

**1 Burri burri – humpback whales**  
From May to November, the migration (first north, then south with calves) of humpback whales (along with southern right and blue whales) can be seen easily from the shore. Some of the best vantage points can be found along the Kiama Coast Walk.

**2 Norfolk Island pines**  
You'll find these iconic trees lining the coast — many planted back in the 1800s and known for their tolerance to the salt air. Fun fact: these tall straight trunks were once used for ships' masts.

**3 Pelicans**  
These harbour dwellers are often seen gliding gracefully along our shore, or gathering at a boat ramp, wishfully hoping for a fisherman's snack. The Australian species has the biggest bill in the world — a bill that can hold more than its belly!

**4 Dharawal – cabbage tree palms**  
The Wodi Wodi people introduced the sacred "Dharawal" to the region, spreading its seeds across the landscape. This iconic palm is the namesake of the area's traditional owners and holds deep cultural significance. Its leaves were also used to craft mats, fishing lines, and shelters.

**5 Djawula – lyrebirds**  
This mountain bird is a totem of the Dharawal people and a symbol of peace. They are most famous for their mimicry skills — likely to be heard before they are seen, especially in the rainforests of the escarpment. Visit Minnamurra Rainforest for your best chance to witness their splendour.

**6 Illawarra flame trees**  
Blooming bright red in spring, these trees are endemic to our area. Beyond their beauty, they served a practical purpose for centuries — their soft, spongy wood and bark were used to craft nets and fishing lines. In spring, look to the escarpment to see them dotted among the lush green landscape.

**7 Moreton Bay figs**  
These beautifully distinctive, large trees feature intricate roots and a gnarly structure. You'll find giant examples at Black Beach Kiama, Hindmarsh Park and outside Kiama Library.

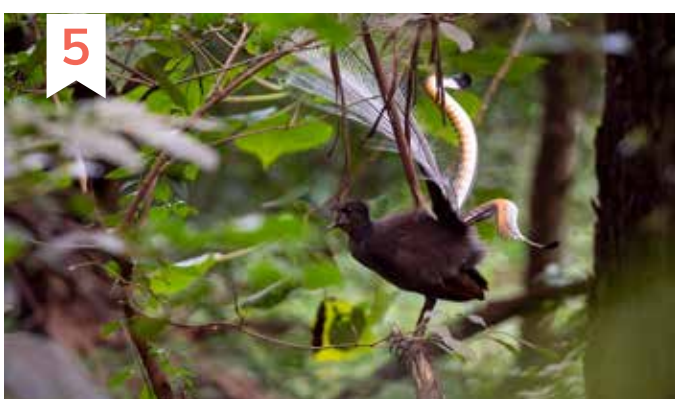

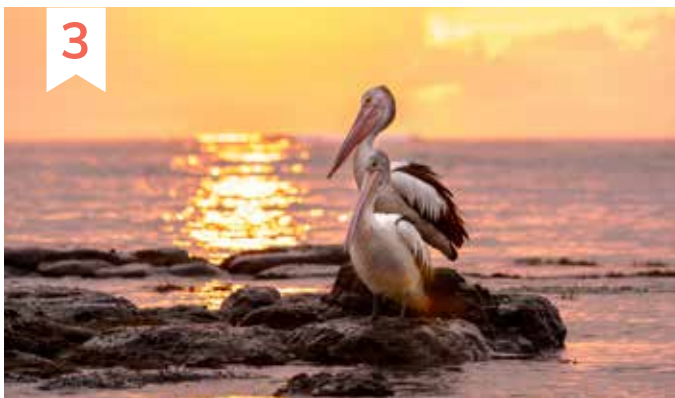

**8 White bellied sea eagles**  
These pristinely white bellied beauties can often be seen along the Kiama Coast Walk hunting prey in the rocky outcrops. Listen out for their 'goose-like' honking sound!

**9 Wildflowers**  
In spring, the escarpment plateau becomes a carpet of wildflowers and butterflies — bursting with colour and life. Visit Carrington Falls or Barren Grounds for a colourful display.

**10 Eastern ground parrots**  
Strikingly beautiful but shy, these lush green birds are a prized sight for bird-watchers — your best chance of spotting them is at Barren Grounds Nature Reserve.

Kiama is all about sustainable shopping — so bring along your own bag or basket!

## Market leaders

The community meeting place is our **Farmers' Market every Wednesday afternoon** next to Surf Beach in Kiama. Bring your own bags and stuff them full of fresh local fruit and vegetables as well as everything from breads and cheeses to free range eggs, herbs, meats, seafood and dumplings! There's even entertainment for the kids.

For weekend browsing, **Gerringong's Rotary Market** takes over the centre of town on the third Saturday of each month and **Kiama's Seaside Market** fills Black Beach with colour and fun on the third Sunday. Meanwhile, **Jamberoo's Village Market** is a friendly village affair among the shady trees on the last Sunday of each month.

# Made you look!

Kiama is a great place to explore as a family – with natural wonders and fun attractions dotted across the map. And speaking of maps, see that one on the left? Use it as your rough guide to completing as many of our scavenger hunt tasks as you can during your stay. Can you do them all?

Scream as loud as you can on The Funnel Web at Jamberoo Action Park!

While enjoying an ice cream at Kiama harbour, give a wave to the train on the overpass.

Spot Rangoon Island from Minnamurra Headland.

Measure which blowhole has the bigger whoosh – big or little? (hint, it changes each day!).

Find and snap a photo of Cathedral Rocks.

Touch the Dreaming Poles on the Kiama Coast Walk.

Score a hole-in-one at Jamberoo Golf's Footgolf.

Take a ride on the swing at Crooked River Wines.

Find the two art murals bordering Hindmarsh Park.

Spot five different dogs at Gerringong Headland.

Tally up how many stingrays you can spot at Kiama harbour.

Take a photo of starfish on the rock shelf at Seven Mile Beach in Gerroa

Bonus point: who can spot our friend Daisy the decorated dairy cow?

# Enjoy the *ride*

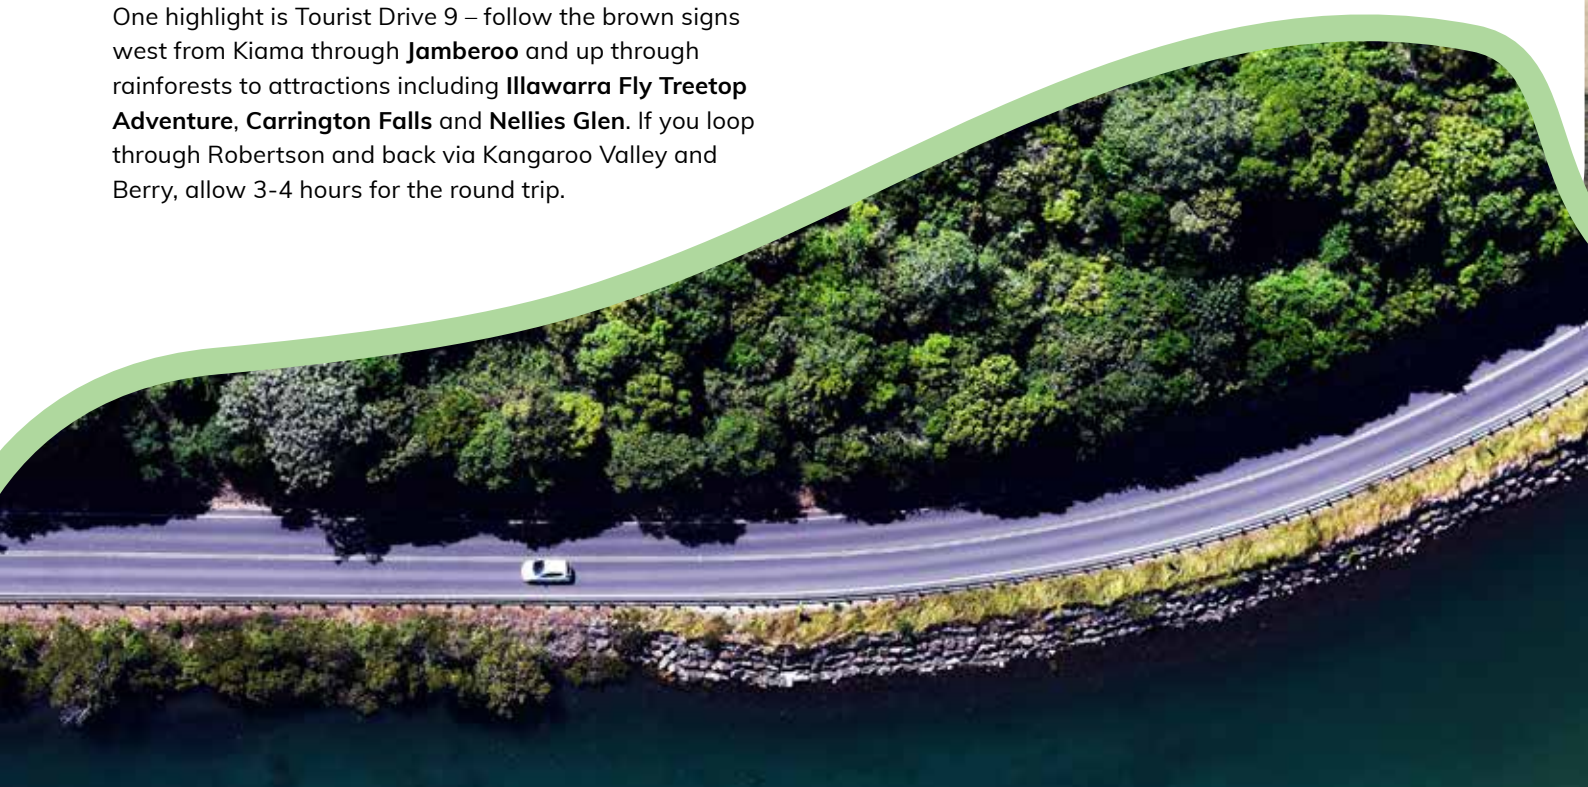

The beauty of the Kiama region is that it's pocket-sized enough to explore all corners of it during your stay. All you need are some wheels (two or four) and a desire to discover what's around the next corner...

## *Four* wheels

Who doesn't love a road trip? And once you tour our country lanes, coastal streets and stunning forested ways, you'll understand why Kiama regularly stars in so many car advertisements. Your assignment is simple: Keep your hands on the wheel, your eyes on the road and be prepared to stop regularly for village browsing, tasty bites and plenty of scenic photo opportunities!

One highlight is Tourist Drive 9 – follow the brown signs west from Kiama through **Jamberoo** and up through rainforests to attractions including **Illawarra Fly Treetop Adventure**, **Carrington Falls** and **Nellies Glen**. If you loop through Robertson and back via Kangaroo Valley and Berry, allow 3-4 hours for the round trip.

A shorter loop takes you up **Saddleback Mountain** to the lookout at the very top (great views!), then back via Fountaindale Road through the rolling hills of **Jamberoo Valley**. Allow an hour for this one. And while you're out and about, include a cruise down Tasman Drive in Gerringong – voted Australia's most scenic street in 2024!

## Take *charge*

If you're touring with an EV, you'll find public charging stations at Kiama Village, The Pavilion Kiama and Gerringong Bowlo, with a growing number of other charging points at local accommodation too.

*top  
tip*

Scan the QR code to find out more about our EV charging stations.

## Two wheels

During the World Road Cycling champs in Wollongong a few years back, many of the international teams could be spotted regularly training in the challenging and uncluttered back roads across the Kiama region. They had discovered what we already knew — that this is a rewarding place for biking — from families and beginners to lycra-clad enthusiasts!

The dedicated cycle path from **Kiama Downs** to **Jamberoo** is a popular inland scenic ride, while coastal views abound on the path from **Minnamurra River** to **Kiama** via attractions including **Cathedral Rocks**, **Boneyard**, **Bombo Headland** and the **blowholes** — with natural stops and lookouts along the way. And families will love exploring the shared paths around Kiama's harbour and beaches or along **Gerringong's Werri Beach**.

For something a little more challenging, **Seven Mile Beach** provides off road trails. **Minnamurra Bike Skills Track** includes a dedicated pump track, and the lanes and hills of **Jamberoo Valley and Mountain** are a technical road cyclist's dream!

# Pet friendly Kiama

Bringing your doggo? The more the furrer! They are, after all, part of your family – and you'll find plenty of dog-friendly activities to partake in with your pooch. Here are some of our favourites:

## It's a dog-sniff-dog world

The headland and beach paths that line Kiama Coast Walk are like a doggy highway throughout the day — in particular at sunrise and sunset. They're also a great way to meet new friends (four legged and two!). Dogs must be kept on-leash in most areas .

## Teach your dog new tricks

We have a number of off-leash outdoor spaces — including Black Head Reserve (Gerroa), Gerringong Headland, Marsden Head and Kaleula Head Reserves (Kiama) and Minnamurra Headland. But the most fun might be at Bombo Headland and Agility Park.

## A dog's breakfast

At last count, we had more cafes per capita than London or New York (maybe). Many are just fine with your on-leash friend tagging/wagging along. And yes, some even offer puppuccinos and doggy donuts!

### Dog day afternoons

Grab a picnic blanket and enjoy a local wine outside on the picturesque hill at Crooked River Wines, or for a more industrial vibe, Stoic Brewery will even showcase your fur-baby on the doggo-picture wall!

### Salty sea dogs

Heading to the beach? Three sandy stretches are off-leash friendly — Jones Beach (south section), Bombo Beach (middle), and Werri Beach (middle). As always, be sure to read the signs regarding doggy dos and don'ts.

### Let sleeping dogs lie

Many of our holiday parks offer dog-friendly accommodation, allowing the entire family to enjoy a prime seaside spot.

And you’ll find a range of accommodation to suit everyone from your cousin Bazza to fussy great-aunt Shirley.
